Government College Hisar- IQAC

Suggestions & Proposals for Improvement in College Infrastructure & Activities 2018-19

The IQAC of the college is working in close association with the college administration, faculty and non-teaching staff to achieve new qualitative benchmarks in college functioning. On the basis of the feedback from students, teachers, parents, alumni and other stakeholders and continuous observation on the part of IQAC, the below given suggestions are hereby put forward for improving college infrastructure and other activities related to teaching learning environment and co-curricular and extra-curricular fields:-

- * The college should continue with good traditions of the institution in teaching-learning, co-curricular and extracurricular activities and extension and research initiatives.
- * The college should optimise the use of college resources and infrastructural facilities and manage its internal affairs efficiently.
- * The college should make efforts to expedite the construction of a separate PG block of ten rooms for providing better teaching environment to senior students.
- * The college should maintain strict discipline in the campus and restrict the entry of any outsider in the premises.
- * The compulsory wearing of ribbon I-card by students & faculty should be ensured.
- * The college should strive to make more class rooms as smart class rooms with modern audio-visual facilities.
- * The college should make efforts to keep CCTV system in good conditions for 24x7 surveillance and security in the campus.
- * More standard books should be added in accordance with the requirements of the students and teachers.
- * The work on mathematics lab should be geared up to make it functional in the coming session.
- * The college should arrange for grants and necessary official sanction from the higher authorities for a multipurpose shed on the area where college functions are held for organizational convenience and saving college money.
- * The college should make efforts to equip girls common room with modern facility for the benefits of girls students.
- * The college should expedite the process of getting grant of Rs. 1.39 crore for revamping and repair of college building and physical infrastructure upgradation.
- * Once the grant is received, the college will contact the concerned authorities to get the work done urgently.
- * The botanical garden of the college should be expanded and made more useful.
- * The college should coordinate with the alumni association to conduct a Mega Alumni Meet in the college to involve more alumni with the college activities.
- * The college should ask for grants and administrative sanction for open gym for the students.
- * The college should work with the affiliating university to introduce and channelize CBCS system in B.Sc. courses.
- * It would be good if more Hon's courses will be run in the college to provide students better education.
- * The college should maintain cleanliness and hygienic conditions in the class rooms & college campus.
- * The college should work for getting grants for ramps to provide access to disabled students so that the persons with disability should get access to class rooms and labs.
- * The college should evenly distribute the electricity load and connect electric nodes with the new Electric Substation facility.
- * These should be college lab upgradation according to the present needs.
- * The different subject societies and designated cells should organize maximum activities and extension lectures for the benefit of students.
- * The college should work with the goal of participatory management involving different stakeholders in its functioning.
